

Flintstones®

*Welcome ! to the world of Metal Tiles*

***Flintstones has developed its new range of metal series, where metal is fused with stone through state-of-the-art technique. for the first time in India.***

***With a distinguishable substance and style, real metal evokes a sleek sophistication in any setting. The product captures the essence of the chic metal and combines it with a traditional elegance. The combination of matte stone with shiny metal, gives the product a dramatic appearance. It stands out yet gently blends with a multitude of classic and fashionable decors.***

***Metal Series is like a treasure which can be passed from generation to generations.  
You need to see it to believe it.***

Note : Product Design can be customised accordingly.
